1) Accounting policies

Accounting convention

The accounts are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015). All operations are continuing.

Contributions from members

Contributions from members includes both subscriptions due and receivable within the financial year. Amounts due but not yet received by 31 March 2016 are incorporated as debtors as shown in note 10.

Depreciation

Depreciation is calculated on the original cost of the fixed assets over their useful lives at rates providing for the cost less residual value as follows:-

Heritable property	2%	per annum straight line
Furniture, fittings and equipment	20%	per annum reducing balance
Computer equipment	33.33%	per annum straight line

Pension Scheme

The federation makes contributions to a defined contribution scheme which covers employees of the federation.

The assets of the funds are held by Trustees and are kept separate from those of the federation. Contributions are charged to the Income and Expenditure account as they become payable.

Investments and Investment Income

Investments are stated at cost.

Investment income represents dividends received from quoted investments.

Interest received on quoted investments is shown separately in the Income and Expenditure account.

Going Concern

The voluntary fund has cash resources and has no requirement for external funding. The Joint Central Committee have a reasonable expectation that the voluntary fund has adequate resources to continue in operational existence for the foreseeable future. They continue to believe the going concern basis of accounting appropriate in preparing the annual financial statements.
